Quest

for solo piano

(2022)

Quest is a suite of piano solos. It includes three pieces, *Empty Room*, *Hasty Escape* and *Unknown Obstacle*.

Being isolated in an empty white room, being deprived of all senses, gives you a feeling Empty Room might. It's a humbling feeling.

Hasty Escape was inspired by *Flight of the Bumblebees*, a really fast structure-based piece. *Hasty Escape* is in sixteenth notes and its structure is angled downwards, giving one a visual of people escaping from an area.

I got the idea of writing *Unknown Obstacle* from all the cinematic instrumental songs I listen to. The crescendos and large chords, as well as the fast rhythm puts people in a suspenseful monster movie.

Duration: around 7 minutes
